Dear

On behalf of Rowen Structures Ltd, I wish to convey our thanks to your employees for the high standard of workmanship produced on our recent architectural packages for *The Silken Hotel on The Strand, London*. We were delighted with the accuracy and tight tolerances achieved on such complex fabrications.

We were also impressed with your site team and BDI Safety who installed the new partition steelwork at our works. The team applied themselves in a professional manner and have gained our respect for the way they are kitted out with all the necessary equipment and fully understand their Safety Obligations.

Your Team certainly represent ‘a good shop window’ for your business and we have no hesitation in recommending your services to others.

My Best

Robert McLaren
Deputy Managing Director
